CH Chhabil dass public school, Ghaziabad(2020-2021, 93.2%)

### **High School, CBSE Board**

CH Chhabil dass public school, Ghaziabad(2018-2019, 93.8%)

## Accomplishments

SIH, 23 FINALIST

Winner, Venture Championship, E-CELL HBTU, Kanpur

Organizer, Hactober Fest at our university

## EXPERIENCE

### **Team Lead, SIH 23**

Led the initial team of six passionate individuals hailing from diverse backgrounds. Our team stood tall amongst the fiercest competition at the Smart India Hackathon (SIH) to secure a spot in the **grand finale**.

### **Android Lead, GDSC**

| Aug 23 - Present

led the Android domain of Google Developer Student Clubs at our university. Responsible for the Android Culture at our University. Initialized combined projects in the domains of Android, Web with the help of GDSC lead in our University.

### **Approids | Android Development Intern**

(Remote) | Sept 23 - Oct 23

- Created a user specific android app using many technologies like Firebase, API, etc.
- Collaborated intensively with their team to craft Full Stack Mobile application.

### **Community member as an Android Developer, GDSC**

I have gained a wealth of knowledge and valuable insights throughout my journey in developing new applications. I showcase my proficiency in Kotlin and Flutter, highlighting my track record of delivering high-quality applications. My experience in these versatile programming languages has allowed me to build robust and user friendly apps that cater to various platforms.

### **Organizer, Hacktober Fest 23**

Our Google Developer Student Club organized the the prestigious Hacktober fest at our university. Our team created and maintained the open source repositories for Hacktober Fest 23.

### **Open Source Contributor, Hactober Fest 22**

I have successfully completed all my contributions to Hacktober Fest. It was my first experience with any open source project and it was challenging at the initial stages but interesting at the last stages when I got habitual to open source.

## **Team Lead, Venture Championship, E-cell HBTU**

In my role as a team leader, I orchestrated collaborative efforts to optimize outcomes within resource constraints. During the venture championship, our team presented our innovative startup concept before senior authorities, securing a top rank in the preliminary two rounds and achieving a commendable Runner's up position in the final phase

## **Certifications:**

### **Approids | Internship**

### **DIGITAL MARKETING, HubSpot Academy**

### **Data Structures and Algorithm, Coding Ninjas (Excellence)**

### **Introduction to C++, Coding Ninjas (Excellence)**
